Great starter kit. The eye cream in particular is great. Absorbs quickly and leaves a nourishing feeling without being too tense.

I like the texture, the smell, everything! Great!

★★★★★

8 AUGUST 2023

Perfect sun cream. Perfect for combination skin because it is not greasy and, unlike usual sunscreens, does not leave a white patina and is not heavy on the face

★★★★★

7 AUGUST 2023

The best sunscreen I've had so far! It is easy to spread and does not whiten! The skin is very well nourished, I use the cream in the summer as care and do not use anything else on the face!
